

### Assignment (for groups)

**Write a paragraph of 60 to 80 words explaining the common features of all the chosen scientists of your group.**

Use the following checklist as a guideline while writing the paragraph. Tick each box after you finish your writing.

The checklist for your writing:

- Does the paragraph clearly explain the common features?
- Are the common features shared by all the chosen scientists?
- What deeds or qualities of the scientists reflect the common features?
- Is the paragraph clear, coherent, and grammatically correct?
